HEADLINE

East meets West on the shores of Bosphorus in Istanbul as Numarine delivers their first 55' Flybridge to the South China market.

Numarine's CEO, Patrik von Sydow personally delivered the 55' Flybridge to Mr. Sam Choi, a client of Noble Brand Investments Ltd., which is a Hong Kong based distributor of luxury goods such as Ferrari, Maserati and AgustaWestland Helicopters.

Mr. Choi received the 55' Flybridge at the prestigious Kempinski Ciragan Palace on the European shores of the Bosphorus in Istanbul. They spent the day aboard the new 55' Flybridge cruising along the Bosphorus and getting familiar with the yacht's luxurious amenities and performance capabilities.

Mr. Choi said "The exciting speed and nimble handling of the Numarine 55' Flybridge, combined with its advanced design and luxurious appointments were the main reasons I chose to purchase this special yacht. Having the opportunity to experience this yacht's performance on the beautiful Bosphorus made the handover experience all the more special."

The Numarine 55' Flybridge will make its way to Hong Kong in the coming weeks and will grace South China's shoreline soon.

Numarine is a high performance motoryacht manufacturer building boats from 55' – 130' based in Istanbul. For more information please visit their web site.
